Human Designs,
Gentlemen,

I was referred to your company
by my doctor. I recently had
a double mastectomy. all the
surgery, doctor appointments,
chemo has been quite a
challenge.

what a wonderful surprise
I had when I met with
Konda Calder. I didn't
know what to expect
and she made the whole
experience pleasant &
I felt like for the
first time since all
this started someone
really cared how I
felt & gave me her
time & expertise

Please thank her for me -

Sincerely,
